

Idaho State
University

Dear Football Alumni Team Board:

As our Bengal Football program continues to train relentlessly for the upcoming spring season, I wanted to extend my gratitude for your continued support of Idaho State Athletics through the Football Alumni Team Scholarship Endowment. Your belief in our Bengal student-athletes truly inspires me and we would not be making great strides as an Athletic Department without your support.

Endowments make a significant and sustainable impact on our programs. Because of generous and forward-thinking donors like the Football Alumni Team, Idaho State University is able to offer more and more scholarships each year to our devoted student-athletes. In fact, we currently have 28 named endowments which resulted in \$95,232 of additional scholarship support this past year. In times of uncertainty like those we are undergoing now, this permanent annual support is critical. Thank you for your continued support through the Football Alumni Team Scholarship Endowment.

This past summer, 52 of our football players (listed below) were awarded scholarships for summer school resulting in \$48,840 of total aid. Of this available aid, the Football Alumni Team Scholarship Endowment helped cover more than 74%, or \$36,345. On behalf of our football program and coaching staff, thank you so much for your support! I can assure you it will make a lasting impact on these student-athletes; not only on their ability to catch up or get ahead in the classroom, but also in their lives after graduation.

ISU represents many unique and meaningful things to each of us, and I want you to know that the Football Alumni Team Scholarship Endowment is especially meaningful to the 52 players that have been positively impacted by its support. For all the great memories and moments these guys will walk away with, their scholarship and academic opportunities will top that list.

Thank you for helping to create unforgettable memories for current and future Bengal student-athletes. Your ongoing commitment to Idaho State University is making a difference now and for generations to come. If you have any questions about your endowment or ways to increase its impact, please contact our Associate Athletic Director for Development, Joel Moersch, at (208) 427-5607 or moerjoel@isu.edu.

Go Bengals!

Pauline Thiros
Director of Athletics
